

Seriously Strong Security

CX1

CX1 is an affordable retractable security grille particularly suitable for domestic properties. The grille provides a strong physical barrier for protection of windows and doors including patio doors and is an effective visual deterrent against attack.

- **Patented Crosslinx® Rivetless System** for added strength provides a much stronger and more attractive alternative to rivets.
- **Made to measure** to meet individual customer requirements.
- **Discreetly stacks back** to a fraction of the overall size.
- **Ease of access** – a low profile bottom track allows ease of access to wheelchairs and pushchairs.
- **Secure and easy to close** patented multi-point slam shut lock ensures outstanding protection and ease of use. A number of grilles can also be operated from a single key.
- **Anti-jemmy security strip** protecting the lock from attack with a crowbar or other lever.
- **Strong durable finish in a wide choice of colours** to blend in with any colour scheme.
- **Exceptionally low maintenance** with a zinc plated anti-rust finish and no electrics to go wrong. Costly service and maintenance contracts are not necessary.
- **24-month manufacturers warranty** – in the unlikely event of a quality problem, Bradbury Security provide a 24-month manufacturers warranty (providing the grille is fitted in accordance with minimum fixing standards).
- **Planning permission** is not usually required.

Product Information

- Traditional diamond shaped lattice
- Unique 'bottom rolling' design fixed on all 4 sides
- Available as a single grille (locking to one side) or double grille (central lockpost)
- For maximum accessibility in doorways – lift up and life out bottom track options are available as well as a swivel return to hinge back the stack of the grille when open.
